

Where Learning Takes Shape.

One classroom. Multiple configurations.

Products that adapt as the day unfolds.

With Marco furnishings, the same classroom can shift from independent work to collaboration—and back again—with ease. Mobile desks, adaptable seating, and cohesive storage allow the room to be reconfigured quickly, without disruption. It's the power of the 360 Classroom™ in action: one coordinated set of products working together to support movement, change, and flow throughout the day.
