Scan now to learn more.

Built for curiosity. Ready for action.

Discovery Workstations are made for STEM and STEAM learning—offering smart storage, a durable surface, and the mobility today’s classrooms need. With locking doors, smooth-gliding trays, and optional open shelving, there’s room for tools, materials, and big ideas.

Tough enough for daily use. Flexible enough for whatever’s next.

Each base cabinet comes with three 3-inch plastic pull-out trays and one 9-inch file tray

Accessories sold separately:

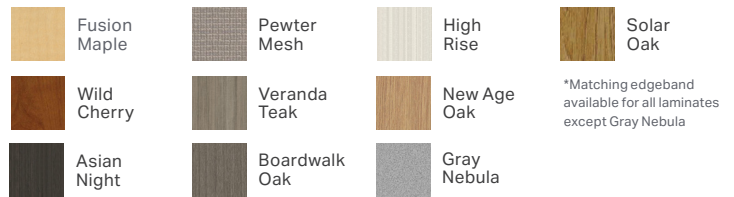

Pop-up Power Module
2-AC outlets and
2-USB ports
